Exclusive living in Carvoeiro: Luxurious apartments with sea views, Golf property

Welcome to this luxury residential complex near Carvoeiro, which offers 74 high-quality flats, most of which have fantastic sea views and of which around 10 units are currently still available. The apartments are divided into four buildings with the second floor already as the top floor.

Timeless design:

Each apartment, from one- to three-bedroom apartments (T1, T2, T3), is designed in a timeless design. All apartments have floor-to-ceiling windows that seamlessly connect the bright and spacious interiors with the outdoor areas. The apartments on the ground floor have an exclusive garden area in addition to the terrace.

Inspired with natural and sustainable materials from all over the world, the apartments offer

elegance, comfort and functionality.

High-quality equipment:

All apartments are equipped with high-quality appliances and have a modern design. The floors have large tiles with dimensions of 60 x 60 cm, also on the balconies and terraces. The outdoor balconies are also equipped with transparent glass guardrails. Full-height MDF doors with lacquered finish and concealed hinges, minimalist aluminium window frames with double glazing and spot lighting complete the picture.

The kitchens are equipped with all the necessary Bosch brand appliances, including a washer/dryer, and they have integrated LED lighting in the ceilings.

Floor-to-ceiling showers are installed in the bathrooms.

Comfort and sustainability:

It is not only the good thermal insulation that contributes to the regulation of the indoor climate and temperature, but also the individual air conditioning systems (VRV and Multisplit), which are suitable for cooling and heating. In the bathrooms, electric underfloor heating provides further comfort.

The central hot water preparation is provided by a heat pump.

For security and easier handling during rentals, security doors with a key card system are installed.

The apartments all have a fiber optic connection, telephone, cable TV, Internet and CCTV.

In the underground car park, most apartments have one or two parking spaces and in some cases also a storage room.

Fully equipped apartments, exclusive amenities, and a high-yield rental service:

All apartments are delivered fully furnished and include high-quality electrical appliances as well as stylish décor. The complete furniture package is already included in the purchase price, ensuring no additional costs and a hassle-free move-in experience. The residential complex also offers a reception, a restaurant, two separate pool areas, a spa, and a fitness center. Additionally, the exclusive rental pool program provides an attractive investment opportunity with professional management and flexible personal use throughout the year. Owners benefit from a passive income source through regular rental earnings while enjoying the advantages of a first-class managed property. Participation in this program is mandatory for purchasing property in this exclusive complex.

Exclusive location and leisure facilities:

These modern apartments are located in an exquisite location on the outskirts of the coastal town of Carvoeiro, which offers a perfect balance between tranquillity and accessibility. Enjoy the immediate proximity to first-class beaches (approx. 20 minutes walk or 5 minutes by car), exclusive restaurants and a variety of leisure activities such as the adjacent golf course.

As the residential complex is located on an elevated site, there are great views of the sea and the surrounding area from many areas such as the main pool, reception and restaurant.

Feel free to contact us at any time for more information and an on-site viewing.
